

TIPS TO FIND YOUR LOST DOG

YOLO COUNTY SPCA LOST & FOUND PROGRAM

1. **VISIT PETHARBOR.COM.** View the animals at Yolo County Animal Services on www.petharbor.com regularly. West Sacramento residents should also view animals at City of Sacramento Animal Care Services “just in case”. Keep in mind that sometimes information listed may not always be correct, so please list “no preferences” in your search. You may also submit a lost pet listing to be sent to the shelter - include a picture if possible.
2. **E-MAIL US A LOST DOG FORM AND PHOTO OF YOUR DOG.** You can find our lost dog form at www.yolospca.org or on the shelter’s Facebook page under the “lost and found” tab. Please e-mail the form and picture to us at lostandfound@yolospca.org. Please put “lost dog” in the subject line.
3. **MAKE FLIERS.** Keep it clear and simple. Use a photograph if possible (color copies are best). The more fliers you distribute, the more likely you will recover your dog! During the rainy season, laminate the fliers or place them in plastic sleeves. Post fliers in at least five block radius and in highly visible places such as stores or cafes in the neighborhood.
4. **SEARCH.** Talk to your neighbors and enlist their help.
5. **POST ON FACEBOOK AND CRAIGSLIST.** There are local “lost and found pets” Facebook groups for Woodland, Davis, and West Sacramento, and all of Yolo County - search Facebook for them and ask to join, then post information and a picture about your lost pet. Also post under the “pets” and “lost and found” sections on Sacramento Craigslist.
6. **NOTIFY VETERINARY CLINICS.** In case someone brings your dog in injured or as a stray.
7. **CALL US WHEN YOU FIND YOUR DOG!** Please call us at (530) 662-8858 or email ycasrescue@hotmail.com so we can remove your dog’s lost report and stop looking for it.

**** DON'T GIVE UP TOO SOON! YOUR DOG IS COUNTING ON YOU TO FIND IT! ****
