January 27, 2014

The Yolo County Sheriff's Office, Animal Services Section, is asking for the public's help in attempting to locate a biting dog involved in an incident on Jefferson Blvd. in West Sacramento.

The incident occurred on Sunday, January 26, 2014. An adult female was bitten by a Pit-Bull on the I-80 on ramp at Jefferson Boulevard as she attempted to contain the dog from traffic. The female victim suffered a bite to the left ear.

The biting dog is described as large with a stocky build, brown in color with white markings. The dog was last seen on the I-80 on ramp at Jefferson Boulevard.

Anyone having knowledge about this bite incident is encouraged to report it to the Animal Services Section. Identifying the dog to verify current rabies vaccination will help possibly prevent the victim from post exposure rabies treatment.

The Yolo County Sheriff's Office Animal Services Section wants to take this opportunity to remind the public that California Health and Safety Code 121705 states that anyone having knowledge of the location or ownership of a biting dog and conceals that information is guilty of a misdemeanor.
